

STRIP DISCS - FOR DRILL

POLY STRIP DISCS FOR USE ON DRILL, AIR TOOL OR DIE GRINDER (NOT ANGLE GRINDER)

Strip discs provide very fast removal of paint or rust WITHOUT damaging the original surface. They are excellent for removal of paint or rust off car panels - also great for use on wooden or fiberglass surfaces. Ideal for cars, trucks, motorcycles or boats. These discs will also thoroughly remove paint, epoxy and rust from surfaces. The surface will then be prepared for painting or coating. The discs are very suitable for the quick and effective treatment of surfaces that are hard to clean.
